EXPERIENCE

React Developer — BrainyBeams Infotech Pvt Ltd, India

January 2023 - October 2023

As a React Trainer, proficient in developing user-friendly web applications with optimal performance, I demonstrated strong analytical and problem-solving skills by gathering business requirements, creating detailed analysis documents, overcoming technical challenges for effective problem resolution and performance optimization.

Assistant Manager — Sagar Bar & Restaurant, India

March 2019 - December 2022

Leading the team and managing daily operations, I played a key role in creating exceptional customer experiences through effective multitasking and strategic inventory management, contributing significantly to the sustained growth and success of the business.
